We have created the Terroir, Estate and Bench wine clubs to ensure that our greatest supporters can enjoy our limited production wines on an on-going basis.

We are committed to providing you with the best possible benefits available through a wine club. Membership benefits include access to our limited production new releases, invitations to private and pre-release events (Fall & Spring), our annual Solstice Celebration as well as a host of other exclusive, member only benefits – **namely a 10% discount for the entire allocation upon release!**

Your shipments arrive twice annually with winemaker's tasting notes or you can pick them up at the winery upon release. We have three levels of commitment. You choose but, remember once the specific allocation is full; there will be no more late additions until a position opens up!
